

OhMiBod.com's "Club Vibe", The Ultimate Playground for DJs Music and Pleasure Have Never Before Been Mixed so Well

In addition to being powered by music, OhMiBod empowers DJs around the world by providing them with a unique opportunity to showcase their talent to a brand new audience - OhMiBod's community of users.

Participating is easy. All interested DJs have to do is send their music, bio, photo and upcoming gigs to DJ@ohmibod.com. In exchange, OhMiBod will post his or her profile and music in the "Club Vibe" section of OhMiBod.com, where OhMiBod's community of users goes to listen to and download sexy mixes. DJs can mix music specifically for the OhMiBod or provide music they have already mixed! Creating tracks specifically for the OhMiBod is fun, interactive and provides unique exposure for DJs' talents.

Music Royalty

An elite handful of DJs who have created playlists specifically for OhMiBod users will be hand picked by OhMiBod and spotlighted on "Club Vibe". Their photo, contact information, and a brief description as well as direct links to their mixes will be prominently featured. In addition, they will also receive a free OhMiBod product and T-shirt.
